

Prior_mean-Identification using info from observables

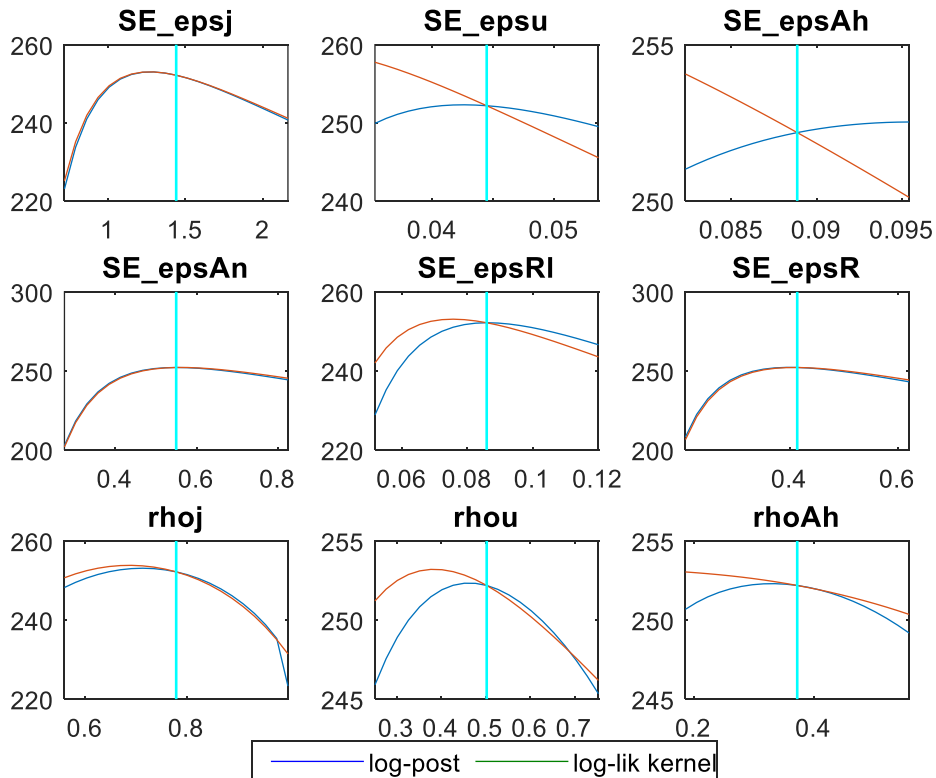

Identification strength with asymptotic Information matrix (log-scale)

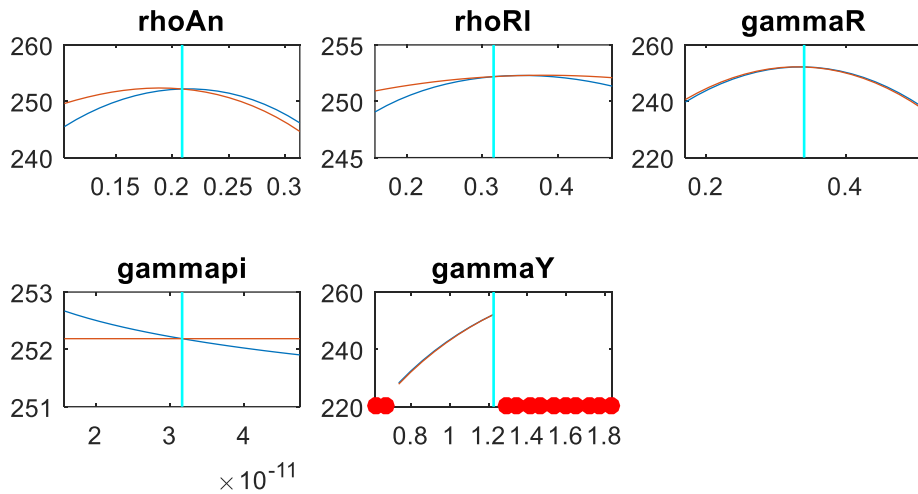

Sensitivity component with asymptotic Information matrix (log-scale)

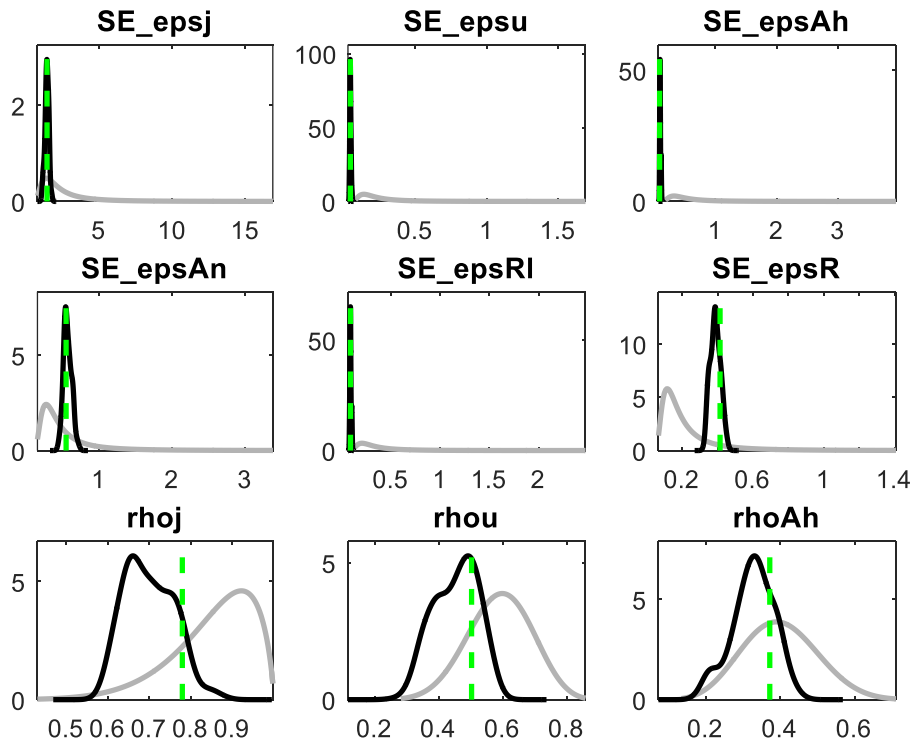

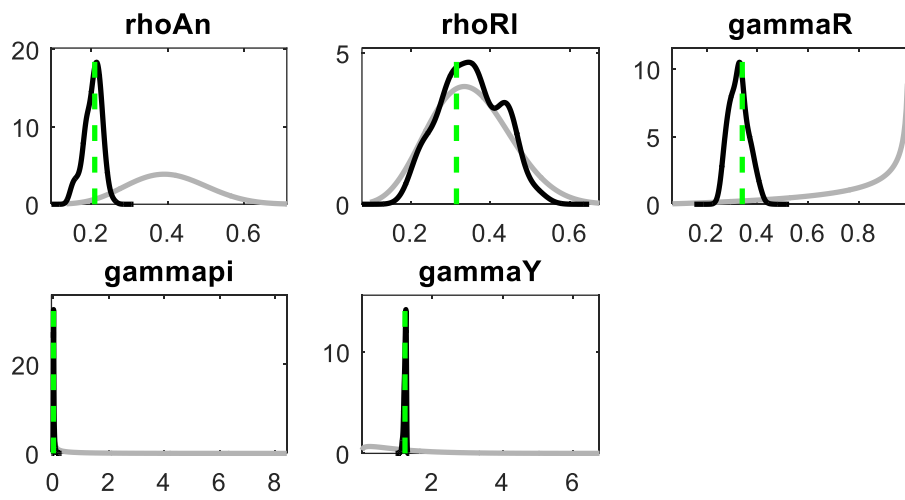

Mode check plots

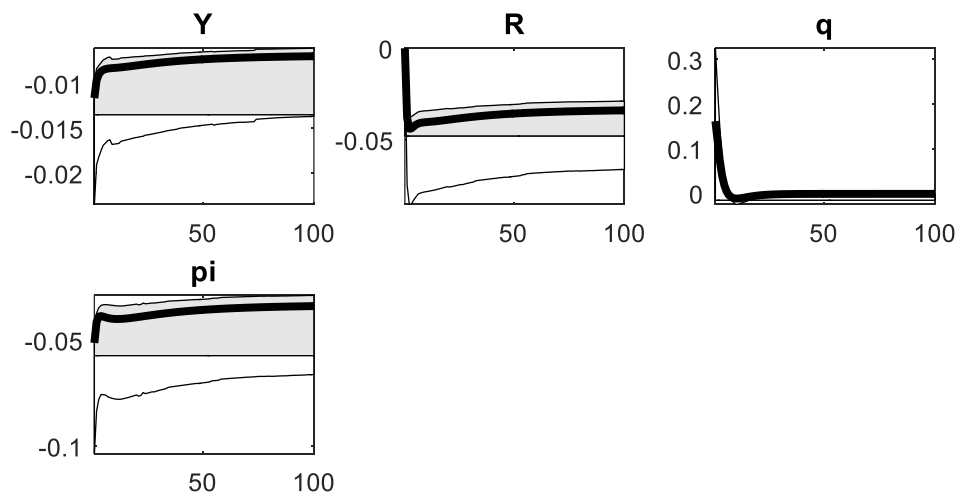

Priors and Posteriors

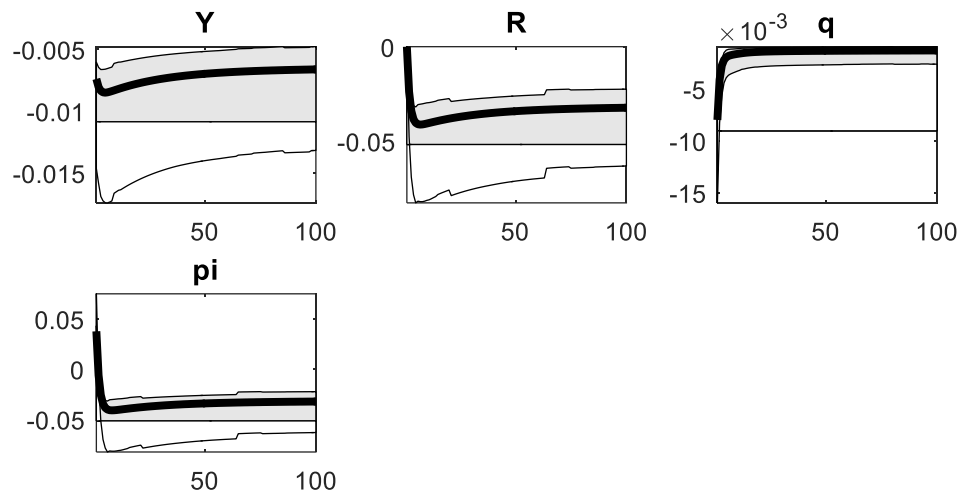

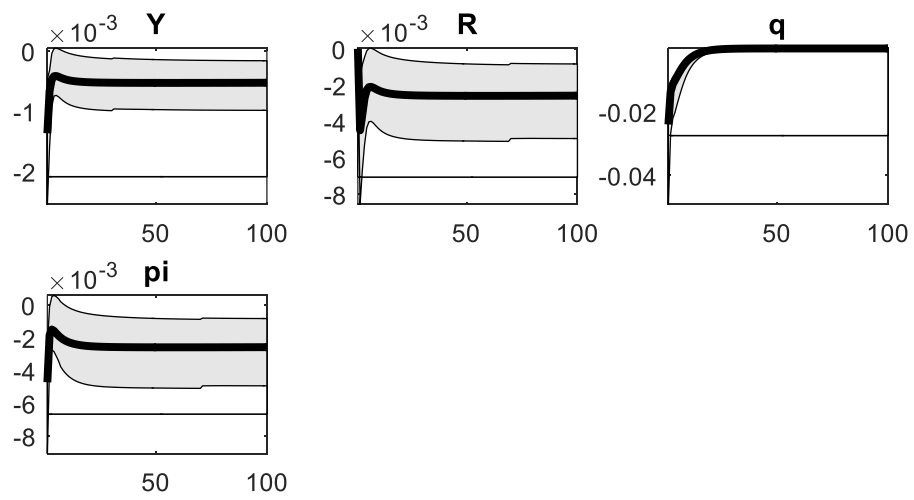

Orthogonalized shock to epsj

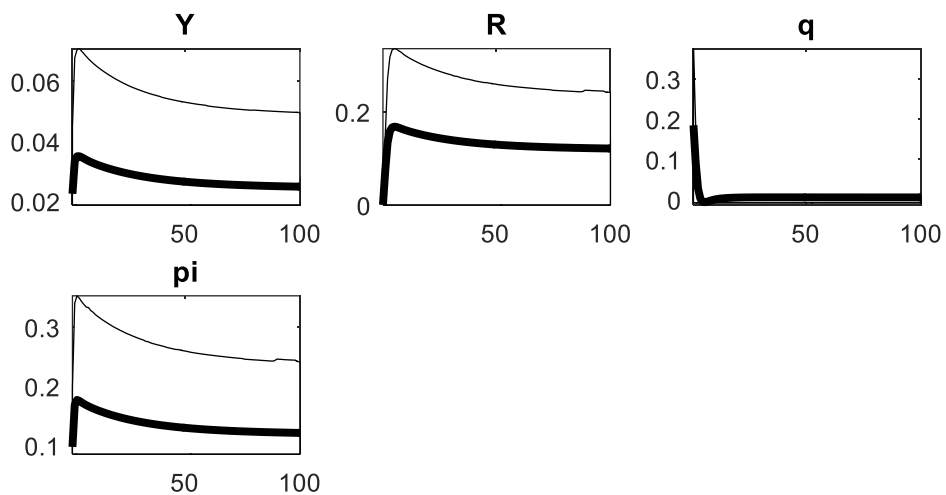

Orthogonalized shock to epsu

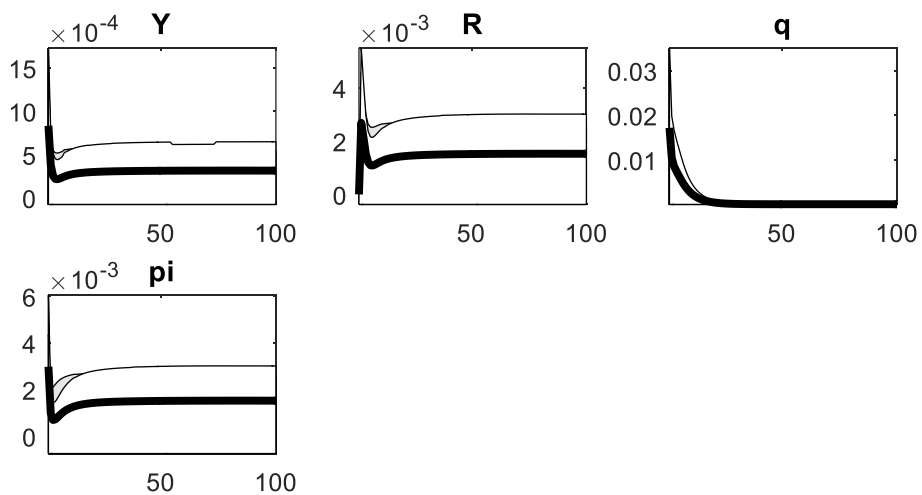

Orthogonalized shock to epsAh

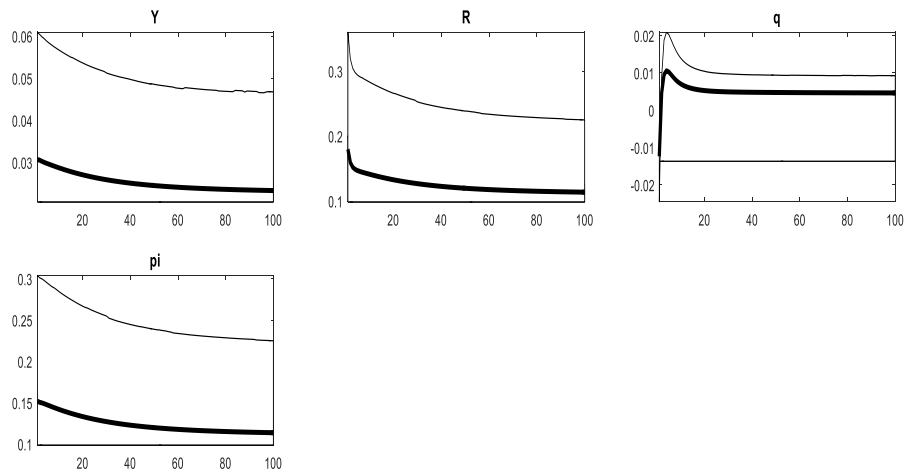

Orthogonalized shock to epsAn

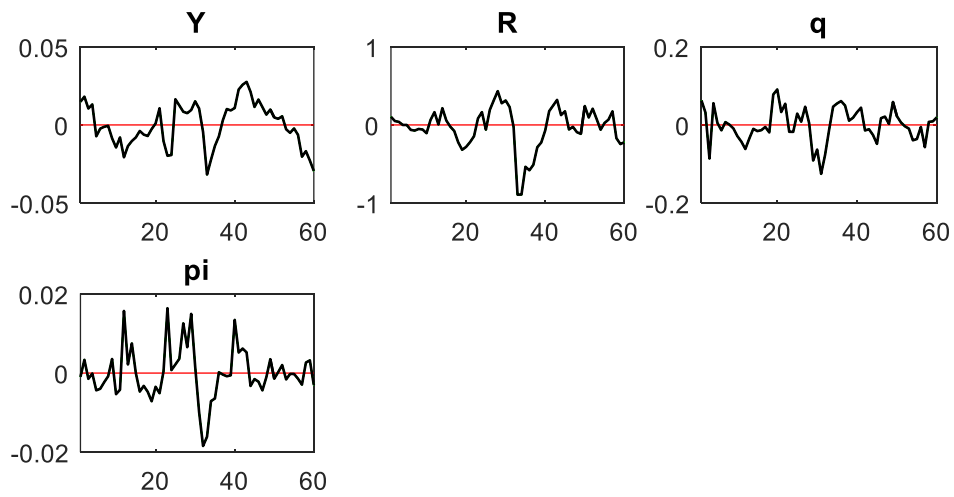

Orthogonalized shock to epsRI

Orthogonalized shock to epsR

Smoothed variables

Smoothed shocks
