

Sims: Matlab and Dynare Codes

Kiyotaki and Moore (1997, JPE)

```
>> dynare kiyotaki
```

```
Starting Dynare (version 5.5).
```

```
Calling Dynare with arguments: none
```

```
Starting preprocessing of the model file ...
```

```
Found 16 equation(s).
```

```
Evaluating expressions...done
```

```
Computing static model derivatives (order 1).
```

```
Computing dynamic model derivatives (order 2).
```

```
Processing outputs ...
```

```
done
```

```
Preprocessing completed.
```

```
Error using load
```

```
Unable to find file or directory 'bbg_param'.
```

```
Error in kiyotaki.driver (line 282)
```

```
load bbg_param;
```

```
^^^
```

```
Error in dynare (line 281)
```

```
evalin('base',[fname '.driver']);
```

```
